

Allie D. Woods, Pharm.D. is the Director of the Section of Pharmacy Informatics and Technology at ASHP in Bethesda, Maryland. Her varied career includes pharmaceutical research, medication safety, and pharmacy informatics.

As the Director, Allie is responsible for guiding the strategic plan for the section and facilitating the active involvement of the section members. She is diligently engaged in the promotion of pharmacy informatics and the use of pharmacists in the implementation and maintenance of health care technology for safe medication use practices.

Prior to her current role as the Director of SOPIT, Allie was a clinical informaticist at ASHP in the eHealth Solutions department. She also practiced as informatics pharmacist at Oregon Health and Science University in Portland, Oregon. In her role as an informatics pharmacist, Allie was involved in providing informatics and technology solutions at various points in the medication use cycle. Her major projects included the transition of the smart pump technology, optimization of CPOE and PIS systems, facilitation of BCMA technology, and enhancement of CDS. Allie also served as the PGY2 Pharmacy Informatics Residency Coordinator and was a preceptor for the PGY1 Pharmacy Practice Residency.

Allie received her Doctorate of Pharmacy for the Eschelman School of Pharmacy at the University of North Carolina in Chapel Hill. She completed an ASHP accredited Pharmacy Practice Residency at Baylor University Medical Center in Dallas, Texas. She also completed an ASHP accredited Pharmacy Informatics Specialty Residency at The University of Michigan Health System in Ann Arbor, Michigan.
