

## **BIOGRAPHICAL SKETCH**

*Stephen C. Mullenix, R.Ph.*

Steve Mullenix joined NCPDP in June of 2009 as Senior Vice President Communications & Industry Relations. Prior to accepting his current position Steve served as Director of Professional & Trade Relations for Covidien/Mallinckrodt Pharmaceuticals and was active in corporate RiskMAP and REMS activities. Steve also served as Vice President of Managed Care & Professional Services and Vice President of Professional & Industry Relations during a ten year period with the national pharmacy franchise organization, Medicap Pharmacies, Inc. He is the former Executive Vice-President of the national drug utilization review and pharmacy consulting company, Q-A, Inc. Steve also served as Vice-President and Chief Operating Officer for the Iowa Pharmacy Association (IPA) and its for-profit subsidiary, PNI, and was instrumental in the development of the very successful "Iowa Drug Utilization Review Program".

Mr. Mullenix is a graduate of the University Of Iowa College Of Pharmacy and began his career in community and hospital pharmacy, serving more than ten years as Director of Pharmacy Services in a regional health center. Steve has served in a number of research, consultant, teaching, and administrative capacities and now represents NCPDP in the areas of government affairs, HIT, communications, and professional and industry relations.
