

Michele Davidson currently serves as the Manager of Pharmacy Technical Standards, Development and Policy for the Walgreen Company. In her current position she acts as a liaison within Walgreens to ensure compliance with HIPAA standards throughout all business units. She ensures that the company is properly engaged in National Council of Prescription Drug Programs (NCPDP). She follows legislation that may affect pharmacy technology, works with industry leaders to propose needed changes as well as with members of the state GR team on various policy issues in the states. Prior to joining Walgreens in 2009, she worked for the National Association of Chain Drug Stores (NACDS) as the Director of Telecommunication Standards. While at NACDS, Michele led the chain pharmacy industry effort of the implementation of the NPI. She had 26 years' experience with Eckerd Drugs where she held various positions of increasing

responsibility from Store Pharmacist to Director of Government Programs. She graduated from the University of Florida with a B.S in Pharmacy.

Since joining NCPDP over 13 years ago, Michele has played a very active role in the organization. She currently is Vice-Chair of the Board of Trustees, has served as co-chair of WG9, is currently WG11 ePrescribing and Related Transactions Co-Chair, and acts as co-lead for several task groups including the WG11 REMS task group, and MC Legislative and Education task group. She is the Chair of the Annual Conference Committee as well as an active member of several task groups and committees. She is the 2014 recipient of NCPDP's TIME (The Individual Member Excellence) Award. She is a member of NACDS and serves as the NCPDP representative on the Pharmacy HIT Collaborative Coding Work Group and is their ASC-X-12 representative.
