

Nina D. Homan, Pharm D

Dr. Homan joined Aetna Pharmacy Management in 2010 as a Regional Clinical Account Executive for national and key local employer clients. Nina brings with her a diverse background in managed care, specialty pharmacy, electronic health information technology, and retail professional services.

Prior to joining Aetna, Dr. Homan worked with a national specialty pharmacy provider and developed client relationships and product offerings. She led the organization's first successful three year ACHC (Accreditation Commission for Health Care) Accreditation effort. In addition, Dr. Homan played a key role in business analysis and in establishing client relationships for the organization's \$27 million dollar joint venture with a regional grocery chain. Dr. Homan lead initiatives focused on identifying and closing gaps in the company's product, service, and technology offerings. Dr. Homan's efforts positioned the company for growth, differentiation, and competitive advantages within the specialty pharmacy and managed health care markets.

Dr. Homan spent 10 years with Prime Therapeutics; a Pharmacy Benefit Manager owned by several Blue Cross and Blue Shield Health Plans. Nina began her tenure with that organization in the role of Pharmacy Director for Blue Cross and Blue Shield of Nebraska. Prior to leaving the organization she advanced to Assistant Vice President of Client Services with oversight and management responsibility for five Client Service Teams and the organization's Client Advocate Team.

Prior to her employment with Prime Therapeutics, Dr. Homan practiced for ten years with a national retail pharmacy chain. During her tenure with Shopko Pharmacy, Nina advanced diabetes disease management for the chain as well as local Pharmacist's and Pharmacy Students. Dr Homan was one of the founding instructors for Creighton University School of Pharmacy and Allied Health Professions Diabetes Care Certification Program. Dr Homan has served as a guest lecturer at Creighton University and the University of Nebraska, College's of Pharmacy.

Dr Homan graduated from the University of Nebraska College of Pharmacy with a doctorate of pharmacy degree. In 2001 she was selected to participate in the Academy of Managed Care Pharmacy's (AMCP) Management Development Program. Nina remains active with AMCP today and was appointed to the organization's Health Information Technology Advisory Council in 2010. Dr Homan also represents AMCP through participation in the Pharmacy e-Health Information Technology Collaborative.

Nina and her husband Mark celebrated their 22nd wedding anniversary in 2010 and have three children. In addition to her professional involvements, Nina has played an active role within her parish, St Stephen the Martyr. Nina has enjoyed coaching middle school volleyball, lecturing, serving on the Pastoral Council, and establishing a Women's Chapter. Nina spends her free time with family, and is committed to challenging herself through a commitment to continuous learning.
